OPEN | Online Professional English Network

How-to use MOOCs for learning:

OPEN MOOCs are more than online courses. They are ready-made tools for programs, classrooms, workshops, and community engagement.

COURSE REGISTRATION DAY

REGISTER NOW

Host a registration event where participants:

- Explore a curated list of MOOCs
- Receive guidance on selecting the right course
- Create accounts and enroll on-site
- Leave with a learning plan and completion goals

COURSE LEARNING CAMPS

Create a cohort that enrolls in the same MOOC and meets regularly for:

- Group discussions
- Progress check-ins
- Peer support
- Completion celebrations

Tip: Use an OPEN Global Online Course Alumni, English Language Fellow, or Virtual Educator to facilitate the camp.

INTEGRATE COURSES INTO EXISTING CLASSES

Bring U.S. educational content directly into the classroom:

- Import MOOC content with Canvas LMS cartridges
- Adapt lessons to fit local projects
- Use ready-made PDF module packets
- Incorporate tasks, videos, and activities into existing courses

BUILD A WORKSHOP from COURSE CONTENT

Select a lesson or topic from a MOOC and turn it into:

- A one-day workshop
- A skills training session
- An English club activity

At the end, **invite participants to register** in the full MOOC for deeper learning.

COURSE + GUEST SPEAKER

Connect learning with real-world expertise.

Pair a MOOC topic with:

- A local expert and industry professional
- An entrepreneur
- A visiting speaker or exchange alum

Participants discuss key course themes and then **register** for the course
